

*BASIC RULES FOR SELF-REFECTORY*  
*Extract from the Home Meal Regulations*  
*School Council Resolution n° 44 dd 24/06/2021*

By choosing the home meal, parents undertake to provide their child with a meal to be eaten at school during the lunch break.

The regulation, deliberated on 24/06/2021, defines the following obligations:

1. The choice made by the families between the school canteen or the home meal is valid for the whole school year and cannot be changed during the year.
2. Whoever chooses the home meal must provide their child with all the necessary equipment (placemat, hard plastic cutlery - not disposable, glass, no knives)
3. At the end of the meal, each student must tidy up all the material used for the home meal.
4. The meal prepared by the family must not need to be kept in the fridge or heated in the microwave.
5. The meal must be already portioned and ready to eat (no knives).
6. Families must provide only food and beverages easy to open, airtight containers made of unbreakable material and which meet the requirements for food preservation. It is strictly forbidden to provide food in glass containers or in metal boxes with an opening system that can be a risk of injury from cutting or otherwise endangering oneself or others.
7. It is advisable that the meal provided by the family is as well-balanced as possible (also home meal, reported to the ATS, is subject to health and nutritional verification).
8. The meal must be provided to the child in the morning in a special backpack (not the same backpack that contain the books). Meals delivered during the morning are not accepted.
9. In the case of allergies/intolerances, the parents undertake to provide all suitable food, relieving the school and the canteen company of any responsibility. The family undertakes to inform the school of any food allergies or intolerances of the child.
10. If the meal is dropped or damaged for other reasons, the family will be contacted so that to bring another meal for their child.
11. Interested families can apply the home meal solution from 19 July 2021 until 31 July 2021. Late applications will not be accepted. The application form should be sent by e-mail to [istruzione@comune.ghedi.brescia.it](mailto:istruzione@comune.ghedi.brescia.it), or submitted by hand to the relevant municipal office (Tuesday from 3.00 p.m. to 5.30 p.m., Thursday from 10.00 a.m. to 12.30 p.m.).
